Meet our new maestro!

We are delighted to welcome Rob Blythe as our new Director of Music and Organist at Christ Church. He covered several services for us during the vacancy, including Christmas, so we got to know him then. His first official Sunday was Mothering Sunday in March. But let him introduce himself:

'I'm delighted to be the new Director of Music and Organist at Christ Church and have very much enjoyed getting to know you while 'covering' services and Christmas at Shamley Green.

I was born and raised in Alnmouth, Northumberland, falling in love with the organ and church music from a very young age. Attending a very 'musical' primary school, I was inspired by a former concert-pianist that used to accompany the school carol services, taking piano lessons from six years old and gaining my Grade 8 through tuition from Mr Aubrey Richardson. I have always enjoyed accompanying solo singers and choirs and was accompanist and organist for my High School Choir for seven years.

As much as I enjoy playing the piano, it is the organ that is my passion and, as a boy, I even managed to turn my piano into an 'organ', thanks to Dad sawing up an old broom shank and Mum's typewriter, to make 'stops' to hang on either side! I took organ lessons from Dr Russell Missin, former Organist and Master of the Choristers of Newcastle Cathedral and became Organist at my home church of St. John the Baptist in Alnmouth and its sister church, St. Mary's, Lesbury. I was also Organist at St. Andrew's, Frimley Green, St. Lawrence, Mereworth and St. Dunstan, West Peckham and have been a Freelance Organist in churches and Duty Organist in crematoria for many years.

I obtained a first BA (Hons) in Music and Classical Studies with the Open University and was a teacher of Secondary Music for several years in schools in Camberley, Odiham, Alnwick and London, leading and directing several school choirs, before setting up my own online business: Musical Contexts, where I currently create online music education resources for primary and secondary classroom music teachers.

At Christ Church, we are fortunate in boasting an enthusiastic choir which sings at our weekly 10am Sung Communion and Family Services, and whom I very much enjoy working with. They lead our hymns and worship songs, sung service settings and sing a weekly anthem, meeting for half an hour before a service to rehearse, including singing at major festivals. If you enjoy singing and would like to be part of our friendly and passionate choir, we would love you to join us! The ability to read music is not essential since I will provide all the help and support you need. I appreciate that people have other commitments living in an area where there's so much on offer, but we would welcome new choir members even if you're only able to

join us for special occasions or the occasional Sunday – please do get in touch with me if you're interested.

There's lots of exciting things happening with music within our worship at Christ Church: on Mothering Sunday, I played a selection of Preludes written by female composers to celebrate '**Woman Composer Sunday**', the choir have sang weekly anthems through Passiontide and Easter and two of our sopranos performed glorious solos.

Looking forward, I'm hosting an '**Organ Drop-In Day**' on Saturday 20th April between 10am and 2pm to celebrate the **RCO International Organ Day** – not a 'concert' but bring some requests or some music and have a go yourself and enter our '**guess how many organ pipes there are in the Christ Church organ?**' competition (proceeds to the Electrical works for the church fund).

Sunday 9th June is **RSCM Music Sunday** where **YOU** get to choose the Preludes, Communion Interlude and Postlude played at the 10am Sunday service. **What are your favourite pieces of music that you'd like to hear played?** (*Classical or Popular*). Drop me an email, or come and chat over coffee after a service, with your suggestions and requests and **your** most popular pieces will be played to celebrate **Music Sunday** on 9th June.

I am indeed very happy to be sharing my musical gift with you all, to sing God's praises at Christ Church and in the community through music and song for many years to come.

"Praise him with stringed instruments and organs." (Psalm 150 v.4)

Shamley Green History Society

On Wednesday 27th March, Tony Painter gave a talk on White Horses and Hill Figures.

Uffington White Horse – Berkshire – believed to be Bronze Age

Tony says: From the stylistic prehistoric beauty of Uffington, to the

disturbing virility of the Cerne Abbas giant, Hill Figures have always promoted awe, interest, fascination, excitement or even fear. Yet very little is known about them.

How old are they? Who made them, how and why? Hill figures, which mainly populate the chalk escarpments of southern England are not limited to horses; there are crosses, white marks, military badges and of course Long Men. And not all were white – the lost Red Horse of Tysoe near Warwick is an exception.

Disappointingly, most Hill Figures are recent – most appear to have been cut in the 18th and 19th centuries. Some have long disappeared from the landscape through time and vegetation. Yet some do appear to have greater longevity. Recent soil analysis tends to place the Uffington horse at around 1300 – 500 BC. The current Westbury horse, probably the second best known, was cut in 1778. Military emblems such as those at Fovant and Bulford in Wiltshire are WW1 commemoratives. Some are still being cut as millennium memorials.

But the figure arousing most interest is the Cerne giant, whose appendage stands out from the Dorset hillside. He does not feature in monastic records of Cerne Abbey or detailed surveys from the 17th c. Illustrations of him were censored by the Victorians. Recent scientific investigations to determine the date at which the chalk was last exposed to sunlight, place the giant awkwardly as neither prehistoric, nor medieval, generating a fevered rethink by archaeologists,

Whatever his actual age, there is no doubt that he stands alone as a unique pointer to the past.

The next illustrated talk by Paul Whittle - "Steaming On", Best of UK's heritage railways, will be on Wednesday 29th May, at 2.30 pm in the Arbuthnot Hall, followed by tea and biscuits. Non-members will be welcome for a fee of £3.00.

Fun Village Litter Pick

A fantastic number of people - pushing 40 strong - joined the Shamley Green Environment Group for a fun litter pick on Saturday 23rd March in beautiful spring weather. Volunteers roamed all around the village collecting a surprising amount of rubbish, much of which had either fallen off vehicles or sadly been thrown out of them.

Jim and Glynis Drummond kindly hosted tea and cakes afterwards at the Malt House, delicious bakes were freshly made by Jane Hoy, Gordon Elmes Rudd and Glynis Drummond.

The litter pick was organised by Kate Elmes Rudd for the Shamley Green Environment Group. SGEG have an ongoing programme of activity including - but certainly not limited to - the very active toad patrol, mowing programme for shared spaces, tree monitoring, pond maintenance oversight, swift project, wildflower diaries, bird walks, litter and recycling initiatives. Other groups regularly litter pick in the village too, together we do a great job in keeping our environment safe and beautiful for both people and animals.

If you'd like to know more about the Shamley Green Environment Group or join our next village litter pick in the Autumn we'd love to hear from you: kate@shamleygreenenvironment.co.uk

Friend's Run Common Rubbish Haul

We also had a very good litter pick on the following Tuesday spurred on by the very good example set by the Village Litter Pick. We managed to get about 12 black bags of rubbish collected on Run Common - with only four of us - and many offers to help another time. We will definitely do it again just after Easter. We felt that the amphibians would be especially pleased as Run Common is good habitat for them and the last thing they need is glass and plastic bottles, cans and bits of cars! Check out our article on the litter pick too by clicking on the News button on our homepage: www.shamleygreenenvironment.co.uk

The SGEN Wildflower Diary

Are you a nature lover? Do you go for walks around the village, maybe when family and friends are visiting? And do you wonder about the wildflowers you see? – there are lots around here, at least 180 species!

Well next time you're planning a local walk, why not have a look at the Shamley Green Environment Group Wildflower Diary – it's packed with photos of our local flora, with interesting information and ID tips for some of the lovely wildflowers you will certainly see when you're out and about. [The Spring edition for 2024](#) was published in March, and there will shortly be another one on our website for early summer, but there are also diaries there for 2022 and 2023 as well so you can find out what you are likely to see at any time of the year.

The Wildflower Diary has grown out of the Environment Group monitoring our wildflowers to see how things go with the new reduced mowing regime in the village.

Do have a look at the diary: you can go to www.shamleygreenenvironment.co.uk or scan this QR code with your phone.

And for even more information have a look at the wildflowers page, where you can click on photos of local species for links to detailed ID tips

To mow, or not to mow.....

In 2020 the Shamley Green Environment Group was asked to advise the parish council about how they could manage our common land in an environmentally friendly way, so we asked an expert in wild flower meadows, Prof James Hitchmough, for his advice.

He observed that we had a very depleted plant population on our greens, simply because of the long history of intensive mowing. Of course this will have knock-on effects for the whole ecosystem, starting with our insects on which so much else depends: insects everywhere are in a worrying decline, and many of us have witnessed this ourselves – once upon a time on a long motorway journey in the summer your windscreen would be absolutely splattered with flying insects, but that doesn't happen now does it - very worrying!

Farming practices have been a huge culprit in the decline, but farmers now are planting wildflower areas to try and redress the balance, thousands of miles of road verges are also being allowed to flower, and we can do our bit too by mowing our village greens less. So although some people will take a while to get used to a more natural look we have come up with a patchwork of mowing regimes depending on how the various greens are used. Areas like the cricket green, playground, and around the duck pond are mown regularly, as are the road verges in the village for safety, but other areas are being cut only once a year to enable the plants there to flower and produce seed and to provide shelter for lots of small animals like mice, voles and amphibians. Importantly, by leaving the cut until October, some animals like grasshoppers are enabled to complete long and complicated life cycles to reach adulthood.

Buttercups on Duck Pond Green

If you go to our website www.shamleygreenenvironment.co.uk you can see the latest mowing plans, and there is also a survey of insects which was carried out by Scotty Dodd in 2021: we'll be getting him back this year to see if there are any changes.

Shamley Green Gardening Club

The seventeenth Annual General Meeting of the club was held in early April and despite being Easter week was attended by around 60 members. There were a few changes to the committee this year; Penny Hodgson stood down after 12 years and will be very much missed. As well as managing the running of the bar (most important!) Penny has organised 11 very enjoyable trips away to gardens around the country. Two new members were voted onto the committee, a welcome addition of fresh ideas! After the formal business had been completed Jane Lovatt gave a short informative talk about the aims and work of the Village Environment Group. Members were then able to tuck into a cheese and wine supper (although I think some hungry souls had already taken advantage of the OK to start as soon as they liked!)

Come and hear what is going on in the Parish in Wonersh, Shamley Green and Blackheath (and join us for a glass of wine):

- Do you want 20 mph zones in the village centres?
- Seminary Developer to pay £235,000 for adjacent footpath upgrades and Wonersh village road safety – where would we put a mid- carriage pedestrian island?
- What is happening to the Villagers Pub?
- Learn about Shamley Green's Toad Patrol Group
- Review how your Parsh Council spends your precept.
- What are the plans for the newly purchased Barnett Fields and Woodland?
- Is Gerald's Wood to be sold?

We rotate the annual meeting around the villages and this year it will be in Blackheath.

Birtley House

Nursing Home & Mews Flats

Save 30% on care fees
with our West Wing apartments*

We understand the cost of care is high, and we want to help your money go further.

*Approximate potential saving is subject to payment of an initial capital investment to purchase a West Wing apartment, and is in comparison with our regular nursing home room fees.

Enjoy supported-living with our Birtley Mews 2 bedroom flats

Birtley Mews is a development of 8 luxury supported-living flats designed for those seeking a more independent life, which boast spectacular views and are surrounded by landscaped gardens, lakes, woodland and an abundance of wildlife.

Notes for Contributors

All articles should be emailed to the editor at mageditor@shamleygreen.church by the 9th of the previous month. If this is not possible please contact the editor, Christine King on 537608, for individual negotiation.

Articles should be submitted as follows:

- In Arial font (easy to read)
- Size 10pt for text and 14pt for heading
- Justified both sides for text
- Centred and **bold** title (mixed case)
- Any tables should be discussed with the editor, as these do not always transfer to Publisher
- Original MS Office documents preferred to '.pdf's, which may distort when resized
- Photographs in .jpeg format and should not exceed 2 megapixels

You or the organisation you represent must hold the copyright to the image, i.e. you or they own it: unless told otherwise we will assume that you/they do so.

Please include photos where possible to grab readers' attention!

Adverts

Please contact Karen Anderton (details inside front page). Please email us 'camera-ready' adverts in .pdf, .jpeg or .doc format after agreeing fees with Karen.

NEIGHBOURHOOD WATCH

The main issue remains lack of reporting minor crimes, please help support our village and ensure you report issues and not ignore them. This can be done in confidence to Surrey Police on:

101 (the national non-emergency number) or
<https://www.surrey.police.uk>

As always in an EMERGENCY dial 999

If you want to give information about a crime or criminal activity without giving your name you can call the independent charity: **Crimestoppers on 0800 555 111**
